ABOUT

I am a motivated AI and software development enthusiast passionate about turning complex challenges into innovative solutions. Currently pursuing a Master's in Computer Application with a focus on AI, I am eager to apply my skills and drive to any opportunity that allows me to contribute meaningfully and grow professionally.

EDUCATION

Bennett University, Greater Noida **2025**

Master of Application (AI Specialization)

Mahatma Jyotiba Phule Rohilkhand University, Bareilly **2022**

Bachelor of Computer Application

ACADEMIC PROJECTS

Human Detection Using Deep Learning Models **03/2024-06/2024**

- Developed and implemented human detection models using Sequential, VGG16/19, Inception, and ResNet architectures.
- Tools & Technologies: Utilized Python, TensorFlow, and Keras for model development

Alzheimer's Disease Detection **03/2024-05/2024**

- Developed a deep learning model to detect Alzheimer's disease from MRI scans using convolution neural networks (CNN).
- Tools & Technologies: Python, TensorFlow, Keras, OpenCV, NumPy, Pandas.

Video Transcript Summarizer **10/2023 - 2/2023**

- Developed a tool to generate concise summaries of video transcripts using NLP techniques.
- Tools & Technologies: Utilized Python, NLTK, and Hugging Face Transformers.

Quiz Website **09/2022-12/2022**

- Developed an interactive online quiz platform for C, C++, HTML, Java, and CSS.
- Tools & Technologies: Utilized HTML, CSS, and JavaScript for the front end, and PHP for the back end.
- Implemented user authentication, question randomization, and score-tracking features

TECHNICAL SKILLS

Machine Learning,	Deep Learning,	Python,
(C, C++: Basics),	HTML,	CSS,
Mysql,	Flask	

SKILLS

Microsoft Office (Word, Presentation),	Graphic Designing
--	-------------------

LANGUAGES

English | Hindi

CERTIFICATION

Introduction to TensorFlow for Artificial Intelligence, Machine Learning, and Deep Learning, *Coursera*
